Playground for Pre K will be ready March 23. Mural for large wall, maybe PTO fund it.

Recruiting season for staff next year, we are still fully staffed and getting 3 new positions, 2 Pre-K and 1 5th grade position. Will hire after spring break.

No lunch monitors next year. Will build in internal plans for lunch monitors , may have to keep them as a para or a volunteer. Slated staff members will be needed to cover lunch monitors.

Lunch times will tighten up in 2.5 hours instead of 3, earliest lunch will be 10:40am instead of 10:15am. All lunch done by 1.

Possible Food Allergy training may be needed with parent volunteers come in.

LTEF has possible funding for positions.

STAAR Interim tests- Top 3 in all subjects, top 2 in 5th science, #1 in LTISD in 5th grade reading, so huge progress made.

Math has been a concern across the district, purchased a new math curriculum, K-5, each student will have a workbook,

PTO paid for the supplement for science for 3rd and 4th grade to offer additional support in that subject.

4th grade will have 5 teachers next year.

5th grade math is changing, no accelerated math, but honors advanced math but they go deeper into TEKS and more 6th grade math. Need to have 40% students on this track. More flexibility with rosters.

Field Day- New Sidewalk is done, so we can utilize it for Field Day.

Teachers are able to pull more small groups, IXL is working!

Talent Show was a huge success.

Addie Bristol- Mustang Social

Chicken poop bingo is set. Ticket sales are strong. The Puppy is set. Trip is set.
